## Dear Patches

We offer a 10% discount on vaccines & annual exams when given on time!  
Our records indicate that you are due for the following important health services:

- **EXAMINATION - ANNUAL - OVERDUE 7/31/2008**

You're 19 years old! Now that you're an official member of the Senior Kitties Klub, you may have slowed down a bit, but you're still savoring your golden years. Because you are now aging much faster than your human companion, we'd like to see you more than once a year so we can keep a close eye on your health. From time to time we may recommend blood tests that can disclose problems before they show up on even the most thorough physical exam.

Sincerely,

Your friends at Your Veterinary Practice
